EDUCATION

DECEMBER 2021 Bachelor of COMPUTER SCIENCE, **University of Havana**, Cuba

ABOUT ME

Since high school, I became interested in math and [Competitive Programming](#), taking part in several programming contests. Following there are some awards:

- Honored Mention at **ICPC World Final 2020** in Moscow, Russia.
- Gold and Silver medallist in ICPC Caribbean Regional Contests on years 2019 and 2020.
- Bronze medallist in the Ibero-American Competition in Informatics (CIIC 2015).
- Gold medallist in the Cuban Olympiad in Informatics (OCI 2015).

EXPERIENCE

- 7 years of experience with C++.
- 1 year working as backend engineer, worked with C# (ASP.NET Core) and MSSQL.
- Problem-setter at [Codeforces](#).
- [Data Structures and Algorithms Library](#) for Programming Contests in C++.

SKILLS

Programming languages:

Fluent in: C/C++, Python, C#

Skilled in: MSSQL

Familiar with: HTML/CSS/TS

Knowledge of Design Patterns, OOP and Functional Programming

Other tools: Linux, Bash, Docker, Git

Languages: Fluent in English and native Spanish speaker

PROFESSIONAL INTERESTS

- Computer Science
- Problem Solving
- Mathematics
- Programming
- Data Structures and Algorithms
