EDUCATION

DECEMBER 2021   (Soon to be) Bachelor of COMPUTER SCIENCE, **University of Havana**, Cuba

ABOUT ME

Since high school, I became interested in math and Competitive Programming, taking part in several programming contests. Following there are some awards:

- Qualified for the **ICPC World Final 2020** in Moscow, Russia.

- Gold and Silver medallist in ICPC Caribbean Regional Contests on years 2019 and 2020.

- Bronze medallist in the Ibero-American Competition in Informatics (CIIC 2015).

- Gold medallist in the Cuban Olympiad in Informatics (OCI 2015).

EXPERIENCE

- Part time job at NC1 as backend engineer, worked with C# (ASP.NET Core) and MSSQL (April 2021 - Present).

- Problem-setter at Codeforces.

- Common Data Structures and Algorithms for Programming Contests in C++.

SKILLS

Programming languages:
Fluent in: C/C++, Python, C#
Skilled in: MSSQL
Familiar with: HTML/CSS/TS
Knowledge of Design Patterns, OOP and Functional Programming
Other tools: Linux, Bash, Docker, Git
Languages: Fluent in English and native Spanish speaker

PROFESSIONAL INTERESTS

- Computer Science

- Problem Solving

- Mathematics

- Programming

- Data Structures and Algorithms

PROFILES

- GitHub

- LinkedIn

- Codeforces

- TopCoder
